Transcriber's Office
FLOOR DEBATE

March 13, 2001 LB 114

SPEAKER KRISTENSEN: One minute.

SENATOR CHAMBERS: ...addressed through punishment. You said time?

SPEAKER KRISTENSEN: One minute.

SENATOR CHAMBERS: Okay. So you take the license, the child drives under suspension. The child goes to jail, spends six months or six months less the good time they get in the county jail, comes out. And you know the first thing the kid says, gets with his friends, I need a drink. Senator Kruse thinks that if you put them in jail for six months, they'll stop drinking. He thinks if you take their driver's license, they'll stop drinking and they won't drive under suspension. He's not the only one who believes that. Senator Quandahl's answer which said to me, I can look at forgoing jail as a penalty if I get a more appropriate penalty for this...for the wrong here, an appropriate definition and an application, is a source of light and hope. I assume that his supporters would like to know whether or not I was going to vote for cloture, and the answer is, I will once. I won't do this a second time in which we simply pile on, but I'll do it once, in pursuit of a way in which we find the most appropriate penalty, and to me it means if we put this on the books in the best form that we can, we should take away jail time for kids in related areas. And by arguing that this bill is more appropriate, it implies that says
